GOOD HOUSEKEEPING

CUSTOM BLINDS & SHADES

Beautiful **BLINDS AND SHADES**

With over 125 years of experience helping consumers find smart solutions for their homes, the experts at Good Housekeeping have developed a collection of stylish custom blinds and shades that feature the safety benefits you are looking for today. Evaluated by Good Housekeeping's Research Institute and backed by the Good Housekeeping Seal, these are window coverings you can feel good about. Rest assured, this extensive collection will provide years of enjoyment. If any Good Housekeeping custom blind or shade is found to be defective, the manufacturer will repair it, replace it, or refund the cost to you.

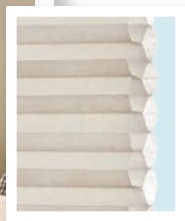

So relax and enjoy choosing your new window treatments with no worries!

Available AS CORDLESS

CELLULAR BLINDS

Energy efficient and elegant for year round insulation in rich colors and options.

INSULATING CELLULAR BLINDS

The only blind that combines the energy efficiency of a cellular shade and the light control of blinds.

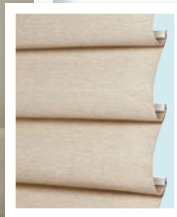

Available AS CORDLESS

ROLLER SHADES

Timeless style that is easy to operate with all the latest fabrics from solar screen to blackout.

Available WITH CORDLESS LIFT OPTION

ROMAN SHADES

Capture this classic look with an extensive selection of fabrics. Available in flat and hobbled styles.

Available WITH CORDLESS LIFT OPTION

WOVEN WOODS **DISCONTINUED**

Add rich texture to your windows with a wide variety of premium and exotic bamboos, reeds and grasses.

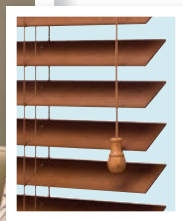

Available AS CORDLESS

PANEL TRACK SHADES

A distinctive designer look for large windows and doors. Coordinates with roller and roman shades.

Available **AS CORDLESS**

WOOD BLINDS

Crafted from 100% basswood in rich stains and fresh paints with a furniture style finish.

POLYMER PLUS BLINDS

Durable polymers create blinds built to endure everyday family living.

SHEER HORIZONTAL SHADINGS

Soft, sheer perfection that controls the light without sacrificing privacy.

CORDLESS VERTICALS

Create privacy or control light in any room situation with overlapping vanes that pivot open and closed.
